DESIGN • INSPIRE • RENEW

Here's how we can **HELP YOU.**

KITCHENS

Kitchens are the heart of your home so we treat them with the highest level of planning and care.

CABINETS

We use local **CUSTOM** built cabinetry that we build to utilize the space allotted in the most efficient manner. **CUSTOM** cabinetry is available in four different lines with each offering their own price point. Oak, maple or birch are the same price! We offer a variety of crown moldings and two coats of Hi-Bild PreCat lacquer finish at no extra charge. We also offer custom painted cabinets.

COUNTERTOPS

A wide variety of countertops are available, including solid surface, quartz and granite. We can help you find the perfect style that best suits you and your budget.

BATHROOMS

Bathrooms may be one of the smaller rooms in your home, but they are also one of the most used. We can create an exquisite transformation of your old bathroom into a luxurious space, with a spa-like feel that induces relaxation and tranquility. Our experienced design team will work closely with you on your bathroom remodeling to create the exact look you desire, from contemporary to retro, combined with the ultimate in practicality to fit your lifestyle.

Even a small bathroom design can be maximized through the use of the right cabinetry to create ample storage, as well as the visually-expanding use of strategically placed mirrors, smaller-sized tiles, and other ideas that are familiar to our knowledgeable bathroom remodeling team.

THAT'S NOT ALL!

Even though we specialize in kitchens and baths, we also can help you with anything from a basement recreation room all the way up to a full home remodel. Our experienced team will assist you in making your desires for that perfect dream home into a reality. We take the time to understand your requirements and then transfer them into a design to create your renewed living space.

Home remodeling and room additions can add value to your home and give your family some much needed space. Finding a remodeling company that you can trust is the key to a successful home remodel.

Remodeling Innovations Group has over two decades of experience, construction knowledge, and understands the importance of quality workmanship. We provide the highest quality products within any budget, accompanied with unmatched professionalism.

Contact us today and experience the difference we have to offer!
